Hello VETTE Setters,

Another fun month with The VETTE Set. We participated in the British Isles Cruise, we had a dinner at The End, a Sunday mountain drive to Mt. Wilson and Hansen Dam (thank you Harry), and the ladies held their monthly lunch. We're continuing to have a great turnout at our activities, thanks to all of our participating members, the leaders often spend a lot of time organizing these activities and your support is their reward. Already in July we've gotten together for the 4th of July parade in Long Beach, thank you Jennifer, and had a wonderful time at the park and at Jennifer's home afterwards. Keep an eye out on the Activity list as much more fun is planned for this month.

Please remember that our August general meeting is on the 10th, not the 3rd.  
Have a great July, get out there and enjoy this wonderful Southern California weather.

Save the Wave,

*Rob*

# RACE REPORT

David Tavares

## Sahlen's Six Hours of The Glen

Corvette Racing's last event for IMSA was the Sahlen's Six Hours of The Glen on Sunday, June 25th, at Watkins Glen International. Antonio Garcia & Jordan Taylor started this race in 6<sup>th</sup> place. Three early full course yellows made it tough to get a good rhythm. But the pit crew did its magic and managed to get the Corvette race car to jump three spots higher. Unfortunately, the No. 23 Aston Martin drove slightly inside Corvette's pit box and hit a tire. Corvette was charged a penalty for the Aston Martin hitting the tire. The Corvette team proved the tire was inside their own pit box area. But unfortunately, the penalty stood. This knocked Taylor down another spot.

Taylor battled his way back, passing 8 GT cars just before the halfway mark. But then, there was another problem. The Vette had to pit about seven laps early due to a faulty tire pressure monitor.

Garcia took over and drove the car to 3<sup>rd</sup> place after the #63 Lamborghini crashed with a prototype car. Then Garcia moved into 2<sup>nd</sup> place when the Aston Martin had to pit to correct a tire pressure issue. The lead Lexus ended up with a drive through penalty, which now moved the Vette into the 1<sup>st</sup> place spot. The 1<sup>st</sup> place spot didn't last, however, as Garcia was forced to save fuel while trying to hold off the Lexus and Ferrari.

With a little more than 30 minutes left in the race, the Lexus and Ferrari managed to find a way around the Vette, which moved the Vette into the 3<sup>rd</sup> place position at the end of the race.

Race Results:

1<sup>st</sup>: Lexus RC F

2<sup>nd</sup>: Ferrari 296

**3<sup>rd</sup>: #3 Corvette C8.R.**

There were nine cars total in the class.

## GTD PRO Class is the Grand Prix at the Canadian Tire Motorsport Park

Corvette Racing's next IMSA event in the GTD PRO class is the Grand Prix at the Canadian Tire Motorsport Park on Sunday, July 9.

The World Endurance Championship side of Corvette racing competed in the 24 Hours of Lemans on June 7<sup>th</sup> in the #33 Corvette with Ben Keating, Nico Varrone and Nicky Catsburgh driving. Corvette started out with their first challenge when Nico Verrone spun out in the 1<sup>st</sup> practice session. The Corvette crashed into barriers, causing serious damage.

The crew went to work replacing several parts on the car, including suspension, brakes, floor, fascia, rear wing, decklids, seat belts, front & rear fenders, side rocker panel and more. Due to the quick work by the crew, Ben Keating managed to take the pole position for the start of the race.

But then another problem occurred. After 2 hours, the car came back to the pits for a failed damper. The race car fell behind by 2 laps. (During one of our meetings, Tom Grogan explained the details needed to change the damper on his Corvette. You can only imagine how much faster the race crew needs to be when changing this part.)

The team was starting to doubt they could get back to the front to win.

But, strategy and timing started working for the team. The #1 strategy was to be cautious in wet conditions. It paid off. The 2<sup>nd</sup> 3<sup>rd</sup> & 4<sup>th</sup> place cars all crashed. Keating drove a triple stint at night, in the rain. This wasn't the original plan for the less experienced driver with 51-year-old eyes that don't see as well at night. But he did it!

Then Varrone took over during the day with his own triple stint. Varrone managed the fastest lap time in his class and highest speed of 212.9 mph. He made up more than ½ a lap on the field. Corvette returned to the lead by the end of the 17<sup>th</sup> hour and Catsburg managed to advance the lead on the rest of the field as the race came to an end with Catsburg crossing the finish line in 1<sup>st</sup> place. What a race!

Crossing the finish line in 1<sup>st</sup> place made this win special for several reasons. This was the 100th Anniversary of the 24 hours of Lemans. It is the last year of the GTE class. It is the last year of the C8.R racecar.

Race results:

**1<sup>st</sup>: #33 Corvette**

2<sup>nd</sup>: Aston Martin Vantage

3<sup>rd</sup>: Porsche 911 RSR.

There were 21 cars that started out in this class.

Next race for the WEC is the 6 Hours Of Monza on July 9th. The Monza Circuit is a 3.6 mile race track near the city of Monza, north of Milan, Italy.

Meanwhile, Corvette Racing has a huge points lead in the World Endurance Championship with a total of 133 points so far. This lead in LM GTE Am class is due to three - 1<sup>st</sup> place victories and one - 2<sup>nd</sup> place finish.

For other racing news, I mentioned last month that 2023 is the last year of the C8.R racecar. Also, GM will not have a factory team next year. After 25 years of running the Corvette Racing program, GM will focus on customer teams with the new Z06 GT3.R racecar. GM will still field 2 cars next year. They may possibly be operated by Pratt Miller Motorsports. It looks as though I may be reporting on more than one team running the new Z06 racecar. We will see what develops next year.

That's all I have for this month.

Until next time, get out there and drive your Vettes everyone!

# HISTORICAL REPORT

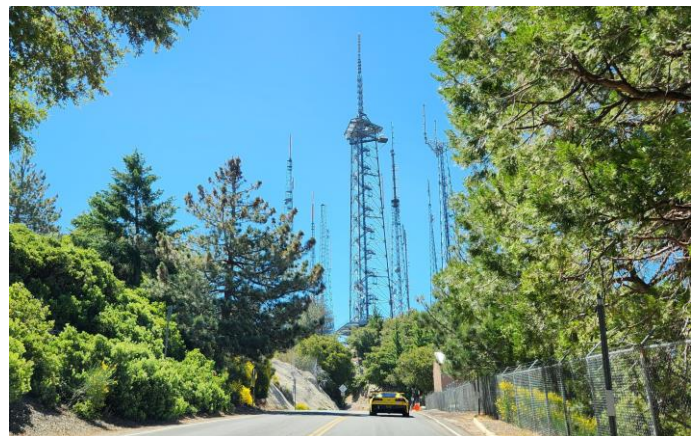

## SUNDAY DRIVE ON ANGELES CREST HIGHWAY & ANGELES FOREST HIGHWAY

SUNDAY, JUNE 25, 2023

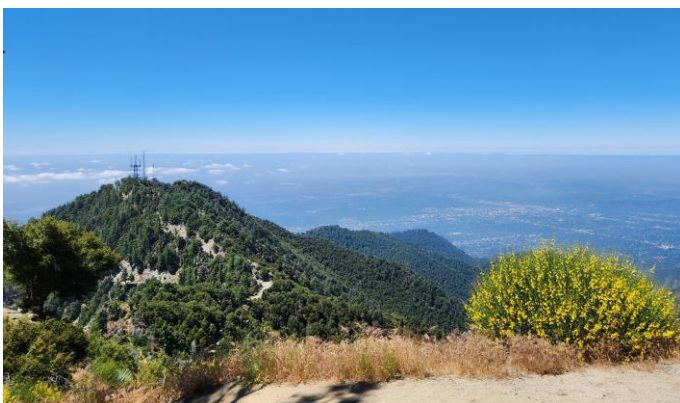

**Krispy Kreme** in Gardina was the first meeting point for the run. For the folks “down under,” the second meeting point was the Chase Bank in the Cerritos Mall. The meeting times were 8:30 am and departure times were 9:00 am. After departure, both groups met on the roof top garage of the Target Store in La Canada Flintridge.

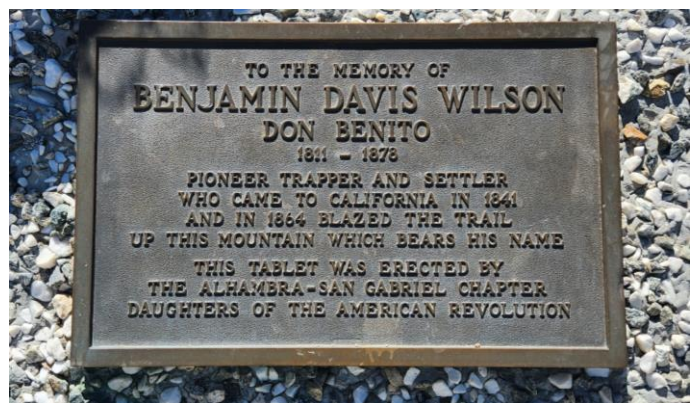

**Mount Wilson.** From the Target Store, we went to the Angeles Crest Highway, SR 2, to Mount Wilson which was a 39 minute drive. After reaching the top of Mt. Wilson, we parked our cars, took photos and looked at the sights. The sights included the Cosmic Café, the antenna farm, observatories and our cars. Group photos were taken of the car club members and their cars.

Approaching the antenna farm.

**Group Photo near the top.**

**Mt. Wilson parking lot below the Cosmic Café.**

### **Next Stop, Acton Park.**

From Mt. Wilson we went to Acton Park in Acton, CA which took about an hour. The route began on the Angeles Crest Highway (SR 2) to the Angeles Forest Highway known as County Route N-3 (CR N-3) or Forest Highway 59 (FH 59). We traveled on this until we reached the Antelope Valley Highway, State Route 14. After driving West on SR 14 we exited on the Crown Valley Road that led to Acton Park. There we ate our prepared lunch in the park and collecting a lot of money from the group had the 50/50 drawing which was won by John Tully.

**A tunnel with light at the end.**

**John Tully, the 50-50 winner.**

**Off to Hansen Dam.** We left the park on the SR 14 freeway and took the Sand Canyon Road to the Little Tujunga Road. Then we took Foothill Road to the Hansen Dam Recreation Area. This trip lasted about an hour.

**A boulder the size and shape of a barn.**

**Up one hill...**

**...and down another.**

**Hansen Dam Recreation Area. A time to talk about the run and thank Harry for the fun day.**
